

TJ Holowaychuk

Software Engineer & Open-Source Author

tj@apex.sh · Victoria, British Columbia, Canada · github.com/tj · apex.sh

SUMMARY

Creator of Express.js — the most widely used Node.js web framework. Author of Koa, Mocha, Commander, and 100+ other JavaScript libraries. Founder of Apex Software.

EXPERIENCE

Founder

2015 – Present

Apex Software

- Builds developer tooling: Apex Logs, Apex Ping, and infrastructure products
- Apex Up: deploy serverless functions to AWS Lambda with a single command

Open-Source Engineer (Independent)

2010 – 2013

Self-Employed

- Created Express.js (2010) — now the most downloaded Node.js web framework (69k+ stars)
- Created Koa.js — expressive middleware using async functions (35k+ stars)
- Created Mocha test framework, Commander CLI library, and 100+ other packages
- Rights to Express.js transferred to StrongLoop (later IBM) in 2014

SKILLS

Node.js · Go · JavaScript · TypeScript · Systems Programming · CLI tooling
